The purpose of this operational policy is to establish the actions that are to be taken to protect children from abuse and neglect by meeting Licensing Criteria HS31 and provisions of the Vulnerable Children Act 2014.

For the purpose of this policy, abuse is used in the context of adult to child. This could be staff to child or an adult (outside of the centre) to the child.

Abuse relating to child to child or child to adult is not within the scope of this policy.

POSITION STATEMENTS

We have an obligation to ensure the wellbeing of children in our care and are committed to the prevention of child abuse and neglect and to the protection of all children.

We support families/whānau to protect their children.

We provide a safe environment, free from physical, emotional, verbal or sexual abuse.

Our centre is committed to work with other agencies where necessary to respond to the needs of vulnerable children and families/whānau.

ISSUE OUTLINE

Child abuse and neglect is not acceptable. Children need our protection.

Prevention is always better than cure. Too many children are not cared for and protected adequately by adults.

The ECE sector has a key role to play in providing a safe environment for children, free from physical, emotional, verbal or sexual abuse and also supporting families/whānau to protect their children.

 Definitions

Child Abuse is defined in the Children Young Persons and their Families Act 1989 as “the harming (whether physically, emotionally, or sexually), ill-treatment, abuse, neglect or deprivation of any child or young person.”

Child abuse can be:
- Physical Abuse
- Emotional Abuse
- Verbal Abuse
- Sexual Abuse
- Neglect

Neglect is a pattern of behaviour which occurs over a period of time and results in impaired functioning or development of a child. It is the failure to provide for a child’s basic needs.

Neglect may be:
- Physical - failure to provide necessary basic needs of food, shelter or warmth
- Medical - failure to seek, obtain or follow through with medical care for the child
- Abandonment - leaving a child or young person in any situation without arranging necessary care for them and with no intention of returning
• Neglectful supervision - failure to provide developmentally appropriate or legally required supervision
• Refusal to assume parental responsibility - unwillingness or inability to provide appropriate care for a child.

POLICY PRINCIPLES
The interest and protection of the child is paramount in all actions.

We recognise the rights of family/whānau to participate in the decision-making about their children.

We have a commitment to ensure that all staff are able to identify the signs and symptoms of potential abuse and neglect and are able to take appropriate action in response.

In order for children to be safe from abuse and or neglect, both parents and teachers need a shared understanding of what abuse is and how it can be prevented.

We are committed to supporting all staff to work in accordance with this policy, to work with partner agencies and organisations to ensure child protection policies are consistent and high quality.

We will always comply with relevant legislative responsibilities.

We are committed to share information in a timely way and to discuss any concerns about an individual child with colleagues or the Manager.

We are committed to promote a culture where staff feel confident that they can raise issues of concern without fear of reprisal.

DETAIL
COMPETENT AND SUPPORTED STAFF:
We make sure all staff know and understand what abuse and neglect are, and how to recognise the signs (see attached table).

We also encourage our staff to talk to someone experienced, for a different point of view, or for ideas about how to help. We also have these contacts readily displayed on our noticeboard and in newsletters:

• Parent Help - 0800 568 856
• Oranga Tamariki Ministry for Vulnerable Children - 0508 326 459
• Are you OK (Family Violence Information Line) - 0800 456 450
• PlunketLine - 0800 933 922

SAFETY CHECKING OF STAFF:
We conduct safety checks of all staff in accordance with MoE and Vulnerable Children’s Act requirements.

RELATIONSHIPS WITH PARENTS:
We will form good relationships with parents and be aware of issues that make life extra hard for parents (see attached examples).

We will monitor situations and offer help and support to parents where we can.

Little Explorers Early Learning Centre will share with parents of children who attend our Centre Child Protection and Child Abuse policies.
The Manager will:

- Always prioritise the safety and wellbeing of the child.
- Maintain confidentiality. Failure of staff to comply with this policy will be regarded as serious misconduct.
- Maintain and increase staff and parental awareness of how to prevent, recognise and respond to abuse, including learning about appropriate touching.
- Carry out staff safety checking (including Police Vetting) in accordance with the Vulnerable Childrens (Requirements for Safety Checks of Children’s Workers) Regulations 2015.
- Give no persons, other than employed staff over the age of 17 years, tasks that involve nappy changing, toileting or responsibility for the supervision of children.
- Ensure that staff and other adults visiting or working in the centre are well supported and visible in the activities they perform with children. While the Centre respects the privacy of our children, staff and visitors, visibility will be given priority to ensure the safety of all concerned.
- Respond appropriately to a child who initiates physical contact in seeking affection, reassurance or comfort. It is not appropriate to force any form of unwanted affection/touching on a child. Touching should not be initiated to gratify adult needs. Physical contact during the changing or cleansing of children must be to the purpose of that task only and not be more than is necessary for the job.
- Ensure no child is taken from the centre by any staff member or adult, without the permission of a parent, except in the case of an emergency where clearance has been obtained from either the Manager or the Owner.
- Maintain appropriate records.
- Ensure the centres procedures protect staff from unjustified allegations of abuse.
- Ensure the centre has educational and informational resources for children and adults on child abuse.

Staff will:

- Always prioritise the safety and wellbeing of the child.
- Familiarise themselves with this centre policy.
- Immediately notify the Manager if they observe signs of child abuse or anyone reports to them any suspicions of child abuse of children at the centre, or a pattern of neglect or concerns is identified.
- Maintain confidentiality. Failure of staff to comply with this policy will be regarded as serious misconduct.
- Respond appropriately to a child who initiates physical contact in seeking affection, reassurance or comfort. It is not appropriate to force any form of unwanted affection/touching on a child. Touching should not be initiated to gratify adult needs. Physical contact during the changing or cleansing of children must be to the purpose of that task only and not be more than is necessary for the job.
- Never take a child from the centre without the permission of a parent, except in the case of an emergency where clearance has been obtained from either the Manager or the Owner.
